1 Access Screens

Pages accessible to any user before logging into their account.

1.1 Login Screen

The entire page is centered. At the very top, there is a logo, beneath which are fields to enter a username and password. Below these fields, there is a button to attempt logging in, which, if successful, redirects the user to Active Recruitments. At the very bottom of the page, there are "Register" and "About" buttons, which navigate to the corresponding pages.

1.2 Register

The entire page is centered. At the top of the page, there is a logo. Below it, on a single line, there are fields to enter first name and last name, followed by fields for email, username, and password. At the bottom of the page, there are buttons allowing the user to return to the login screen or attempt registration.

2 Application

The remaining pages have a horizontal bar at the top of the screen, which includes a logout button in the top right corner and a collapsible vertical navigation bar in the top left corner. This vertical bar displays, from top to bottom, buttons for: Active Recruitments, Archive, CV Builder, Tips, About, Your Profile. Each button redirects to the corresponding page. A banner with ads may appear at the bottom of the screen.

2.1.1 Active Recruitments

At the top of the page is the title, a button to add new recruitment, and a section to filter visible positions based on recruitment status. Below are column headers with sorting options. The column headers, from left to right, are: Position, Company, Stage. Underneath, the recruitment entries are displayed with filled-in columns and additional buttons for editing the status or deleting the entry. Clicking on a recruitment expands a detail view, showing the description, recruitment start date, and a link.

2.1.2 Add New Position

This page is used for adding new recruitments. On the left side, there are fields for Position, Company, Start Date, Status, Offer Link, and Description. On the right side, suggested articles and navigation buttons redirecting to those articles are displayed. At the bottom of the page, there is a "Back to Active Recruitments" button and a "Submit" button to attempt adding new recruitment.

2.2 Archive

The Archive page shares the same layout as Active Recruitments. The only difference is that the "Add New Recruitment" button is replaced by a "Generate Diagram" button, which displays a visualization of the archived recruitments.

2.3 CV Builder

At the top of the page, there is a heading encouraging users to create a CV, along with a brief description. Below are tiles with available templates and buttons that navigate to them.

2.4 Tips

At the top of the page, there is a heading encouraging users to read articles. Below, in a vertical layout, article sections are displayed one after another, each containing a title, short description, and a button linking to the full article content.

2.5 About

This page contains a description of the platform, along with a list of its features. Below, the team members involved in the project are listed along with their roles. This page is also available to users who are not logged in.

2.6 Your Profile

On the left side, there is profile information and an option to change the profile picture. Below that, users can set their Job Preferences, including Interested Industry and Experience Level. Next is table showing recommended jobs. On the right side, the sections are displayed in order: Personal Notes, Profile Statistics, Calendar and Skills & Expertise. Users can interact with calendar to add new event for chosen date, that will be displayed bellow.
